Lesson objectives

To start the unit and introduce the eleven masculine nouns with the indefinite article/determiner for popular food and drink typically offered in a French salon de thé.

The nouns and determiners (indefinite articles) for a variety of masculine foods/snacks and drinks are listed on the support notes and are all introduced at this stage via the 'Au salon de thé 1' PowerPoint. There should be plenty of oral re-enforcement with all children participating. See support notes for PowerPoint breakdown and guidelines on how to best use the slides.
